## *League Leader Award*

Each year, during the Little League World Series, a Little League player is honored with the *Little League Good Spirit Award*. This recipient of this award is not in any way based on the youngster's playing ability or personal statistics.

In following with Little League Baseball and our desire to instill these very valuable principles in the children of Danvers National Little League, we are instituting the **Danvers National Little League LEAGUE LEADER AWARD** for the 2008 season. Each week, one player in each division will be named our "League Leader."

### **Who is a "League Leader"?**

A League Leader is any DNLL player who displays outstanding:

- Sportsmanship
